For Your Business*

Starting off on a shoestring budget in a garage, Life and Limb Gel has humble beginnings. Chelsea Frank once worked as a prosthetist / orthotist, making artificial limbs and customized braces. Starting small allowed her time to get her business and products perfect using superior quality USA materials and exceptional designs. Using 7 years of customer feedback, Life and Limb Gel has fine-tuned their products to perfection. Life and Limb Gel is now a leader in the hot and cold therapy industry, priding themselves on excellent customer service, quality craftsmanship, and affordable
